

# AutoFloorGuard Containment Mats

are the best and easiest way to keep your garage floor clean.

Our mats prevent just about everything from damaging your garage floor. No leaks, or spills will make it through this mat and it is easy to clean. When you are ready to clean it, pull your car out of the garage and slide the mat out to sweep or hose down.

**AUTOFLOORGUARD DELIVERED TO YOUR  
DOOR AND READY TO USE IN 5 MINUTES!**

With the containment mat you can park your car, motorcycle, lawn equipment and not worry about any dirt, grime, fluids, mud, or snow getting onto your garage floor. You can even change your oil worry free. No more random messes being tracked into your house, thanks to our long lasting garage floor mat protection.

# AUTOFLOORGUARD

H A S S O M A N Y U S E S .

There is an AutoFloorGuard mat for everyone whether you live in the North with heavy snow, ice, and mud or work on classic cars and hot rods, our mats will contain the mess. They even prevent moisture from the concrete slab. AutoFloorGuard garage floor mats are here to protect your investments.

AutoFloorGuard now offers THREE quick ship products: Compact size AFG ( 7'9" X 16' ) for those compact cars, Mid-Size AFG (7' 9" x 18') for Sedans and smaller SUV's, SUV/Truck size AFG (8 '6" x 20') for full size SUV's, and many size trucks that need that extended length. AutoFloorGuard also creates Custom Sized Floor Guards to fit your specific situation.

## Heat Sealed Watertight Seams

FEATURES

ALL AutoFloorGuard seams are reinforced and thermal welded to provide durability and longevity.

## Ready to Use

FEATURES

ALL AutoFloorGuards were designed with simplicity in mind. Your garage floor mats come pre-assembled and ready to use. Just open the box, remove, and roll out the mat and use it! That is it. There are no pieces to put together so you know everything fits, no holes or gaps and no sections missing a seal. When the season is done or your restored car is ready for the road, simply clean your AFG, let it dry and roll it up for next year or your next project.

## Built-in Containment Edge

FEATURES

ALL AutoFloorGuards use a closed 1.18" cell foam edge material that does not absorb moisture, works in all temperature environments, and will endure tire traffic. Some competitors offer plastic edge pieces which can become brittle and crack when exposed to extreme cold temperatures.

## Rectangle Design

FEATURES

ALL AutoFloorGuards were designed to allow more room in the corners for water, mud, oil, snow, or any other liquid drip to be captured. It also makes it easier when pulling the mat out to be cleaned.

## Compact

7'9" x 16'

AFGS-7916
